

Name: _____

EQUILIBRIUM GRAPH PRACTICE

Use the following data to create demand and supply curves for donuts. Identify and determine the equilibrium price. Use the graph paper on the following page. In your graph, be sure to include:

- A title
- Price on the vertical axis (y) axis
- Quantity on the horizontal (x) axis
- Label everything!

DONUTS

\$ Qd Qs

.05	25	1
.15	23	2
.25	20	4
